

# Access to Care

## Annual Work Plan

**FY 2016-2017**

# Community Health Improvement Plan 2016-2020

## Focus Area Action Plan: Access to Care

### Focus Area: Access to Care

Goal 1	Improve knowledge of health service options available and appropriateness of each					
Objective 1.1	Sustain a collaboration of community health partners for the purposes of remaining aware of ongoing access-to-care issues in El Dorado County and influencing positive change.					
Key Actions	Timeline		Responsible Parties	Resources	Measures	Status (Insert after year one)
	Start	End				
<b>1.1.A Access-to-Care CHIP team regularly convene to share knowledge about access to care issues and solutions</b>	12/2016	ongoing	Nancy Williams	Team members Guest speakers Meeting room Food	≥ 4 meetings per year; ≥ 4 attendees per meeting on average; ≥6 entities (associations, agencies, etc.) represented;	Met target measures and will continue indefinitely. During first year, met nearly every month; Average attendance has had at least 4 participants at each meeting, often more; Regular participation during the first year from: HHSA Public Health and Behavioral Health, ACCEL, El Dorado County Community Health Center, Marshall Medical, Barton Hospital/Foundation, and less frequent or recent participation from others; Meeting room provided by HHSA-PH; Food provided by team leader.

# Community Health Improvement Plan 2016-2020

## Focus Area Action Plan: Access to Care

Objective 1.2	Advocate to develop a sustainable comprehensive reference guide of information about health services provided by the main health plans available in El Dorado County (to improve both community member and agency/service-provider knowledge)						
	Key Actions	Timeline		Responsible Parties	Resources	Measures	Status (Insert after year one)
	Start	End					
<b>1.2.A Seek people well versed in health plans, health services; use their expertise to help develop guide</b>	6/2017	12/2018	Nancy Williams	Iveeth Bannister (plan eligibility & benefits) Katy Eckert (knowledge of other counties' 2-1-1 system s)	Identification of experts in these areas	Experts (or future experts) have been identified; Relatively new HHSA-PH grant program focusing on CMSP eligibility is staffed by Iveeth, who is quickly becoming familiar with the various government-sponsored health-plan options available to our county residents, including CMSP; Katy has shared her knowledge of the function and benefits of 2-1-1 and will keep the team posted on progress toward establishing a system within HHSA (not driven by this team)	
<b>1.2.B Invite reps from main health plans to meet with / educate Access-to-Care CHIP team about their plans, patient navigation, and how team can partner with them to reduce barriers in accessing care.</b>	6/2017	5/2018	Chris Weston; Nancy Williams	Medi-Cal managed-care plans (California Health and Wellness, Anthem / Blue Cross, and possibly Partnership HealthPlan of California)	Meetings held	Partially complete. Two representatives from California Health and Wellness spoke at a team meeting in July 2017; Plan to schedule visit by Anthem / Blue Cross representatives in early 2018, during year 2; Note: Other counties in our region with the same two Medi-Cal managed care plans are discussing the possibility of converting their counties' plans to one run exclusively with Partnership HealthPlan of California. This team will keep abreast on that progress during year 2.	
<b>1.2.C Develop guide described in Key Action 1.2.A and a system for maintaining it with updated information</b>	1/2018	Ongoing	Iveeth Bannister; Katy Eckert; Others TBD	If 2-1-1 system adopted, the County of El Dorado would be responsible	Provider directory available; 2-1-1 system implemented	Not started.

	Start	End				
3.2.A Research possible remote sites for use by providers	7/2019	6/2020	TBD	TBD	TBD	Not started
3.2.B Research the availability of providers willing to travel to nontraditional sites to provide care	7/2019	6/2020	TBD	TBD	TBD	Not started
3.2.C Research feasibility of telemedicine for patients unable to access care due to transportation issues	7/2019	6/2020	TBD	TBD	TBD	Not started.

# Active Living

## Annual Work Plan Report

### FY 2016-2017

Focus Area: Active Living						
Goal 1	Improve health, wellness and quality of life among adults (ages 18 and older) through increased physical activity.					
Objective 1.1	Increase the proportion of adults who engage daily in moderate* physical activity.					
Key Actions	Timeline		Implementation Partners	Current Resources	Measures**	Status
	Start	End				
1.1.1 Identify current employer-sponsored physical activity and wellness programs being offered by worksites.	7/18	6/19	Active Living Leadership Team  Public Health	Public Health	# of worksites that have physical activity and wellness programs	<b>NOT STARTED</b>

\*Moderate physical activity is defined as 30 minutes/day.

\*\* If applicable, include Policy changes required to achieve action.

# Community Health Improvement Plan 2016-2020

## Focus Area Action Plan-Active Living

Focus Area: Active Living						
Goal 1	Improve health, wellness and quality of life among adults (ages 18 and older) through increased physical activity.					
Objective 1.2	Increase the number of pedestrian, bicycle, and/or public transit trips people take daily to access work, education, health care, recreation and other daily needs and services.					
Key Actions	Timeline		Implementation Partners	Current Resources	Measures	Status
	Start	End				
1.2.1 Identify opportunities to increase the proportion of daily trips made by walking, bicycling and public transit.	10/16	Ongoing	Active Living Leadership Team  El Dorado County Transportation Commission (EDCTC)  Air Quality Management District (AQMD)	Public Health  EDCTC	Pedestrian/ Bicycle/ Transit mode share (every 2 yrs.)	<p><b>COMPLETED FOR YEAR ONE</b></p> <ul style="list-style-type: none"> <li>Applied for the 2016 Every Body Walk! Micro Grant to implement a pilot program that promotes active transportation. We did not receive the grant but will continue to seek funding opportunities.</li> </ul> <p><u>Bike-Share Program</u></p> <ul style="list-style-type: none"> <li>On June 6, 2017, presented to the Board of Supervisors a Bike-Share pilot program for County employees in support of the County's Strategic Plan, Healthy Communities goal. The pilot would seek to replace short car rides with bike rides. The program received support from the Board to continue to explore the program.</li> </ul>
1.2.2 Promote pedestrian and bicycle access, programs, and safety through Public Works, complete streets and active transportation resources.	1/17	Ongoing	Active Living Leadership Team  EDCTC  Friends of El Dorado Trail  Public Health	EDCTC  Public Health	Participants in May is Bike Month (Miles Ridden, annually)  Pedestrian/ Bicycle Mode Share (every 2 yrs.)  EDC's adoption of Complete Streets standards as required by EDC's General Plan	<p><b>COMPLETED FOR YEAR ONE</b></p> <p><u>2017 May is Bike Month</u></p> <ul style="list-style-type: none"> <li>Collaborated with EDCTC and Friends of El Dorado Trail to promote May is Bike Month through a Board Proclamation (5/9), Bike to Work Day (5/19), The Great Annual Bike Ride (5/23) and the Bike Rodeo and Family Bike Ride at Schnell School (5/13).</li> <li>Provided over 125 Safety Street Activity and Coloring Books at various events in May.</li> <li>Encouraged employees and residents to ride their bikes in May through the Well Dorado Team. The team logged 184 trips and 1,600 miles ridden.</li> </ul>

# Community Health Improvement Plan 2016-2020

## Focus Area Action Plan-Active Living

Focus Area: Active Living						
Goal 2	Improve health, wellness, and quality of life among adolescents (under age 18) through increased physical activity.					
Objective 2.1	Increase the proportion of youth who engage daily in moderate physical activity.					
Key Actions	Timeline		Implementation Partners	Current Resources	Measures	Status
	Start	End				
2.1.1 Explore if an interest in increasing physical opportunities in schools exists.	10/16	4/17	Active Living Leadership Team	Public Health	% of respondents that said yes.	<b>COMPLETED FOR YEAR ONE</b> <ul style="list-style-type: none"> <li>In collaboration with schools, developed and implemented a survey to gain a better understanding of the current physical activity being promoted before, during and after school; and to learn about the barriers and challenges to incorporating physical activity in school. Received 11 responses, 4 of which stated physical activity as one of their top 3 concerns/priority areas.</li> </ul>
2.1.2 Research and communicate funding opportunities related to physical activity in schools and/or school districts.	7/17	6/19	Active Living Leadership Team	Public Health	# of individuals on Listserv # of emails sent outlining current opportunities	<b>NOT STARTED</b>
2.1.3 Collaborate with youth to develop programs that promote physical activity.	8/16	Ongoing	Active Living Leadership Team  Public Health  Community Health Center  Marshall Hospital	Health Officers Association of California (HOAC) Award  Public Health	# of programs (annually)	<b>COMPLETED FOR YEAR ONE</b> <p><u>The Healthy Living Parklet Design Competition Project</u></p> <ul style="list-style-type: none"> <li>Developed the project to engage El Dorado County High School students to design a parklet that encouraged a healthy lifestyle. The program had 3 schools participate, including 30 students and 21 unique designs submitted.</li> </ul> <p><u>Skin Cancer Prevention and Awareness Campaign</u></p> <ul style="list-style-type: none"> <li>Through the campaign, El Dorado Union High School District students and alumni participated in the POOL COOL program and Sun Protection Fest (June 2, 2017) at the Placerville Aquatic Center. We had over 150 parents and kids attend and learn about sun safety.</li> <li><a href="#">For May is Skin Cancer Awareness Month, the Boys &amp; Girls Club El Dorado County Western Slope developed a sun safety public service announcement.</a></li> </ul>

# Community Health Improvement Plan 2016-2020

## Focus Area Action Plan-Active Living

Focus Area: Active Living						
Goal 3	Create Safe, Healthy, Sustainable, Equitable and Joyful Communities and Environments which Promote Active Recreation, Active Transportation, and Active Lifestyles.					
Objective 3.1	Implement planning, policies, and programs that encourage physical activity in our communities, worksites and schools.					
Key Actions	Timeline		Implementation Partners	Current Resources	Measures	Status
	Start	End				
3.1.1 Identify and overcome barriers to active transportation, lifestyle and recreation opportunities through planning and policies including the implementation and update of active transportation plans and programs.	1/17	Ongoing	Active Living Leadership Team EDCTC EDC Long Range Planning/DOT Long Range Planning Public Health	Alta Planning & Design EDCTC Public Health	ADA transition plan implementation status (annually)  Transit ridership to and from activity centers (Every 2 yrs.)  Pedestrian/Bike mode share (Every 2 yrs.)  General Plan Amendment (2020)	<b>COMPLETED FOR YEAR ONE</b> <u>Active Transportation Connections Study</u> In 2017, EDCTC completed the study which outlined a process for identifying which adopted active transportation projects may be the most competitive under various grant application criteria. It also provided a preliminary prioritization of already adopted active transportation projects. The study engaged the community through an online survey, advisory committee and public workshop. The evaluation criteria included: health, environment, demand, connectivity, safety, equity and costs. <u>General Plan Amendments</u> On June 6, 2017, the team sought support from the Board of Supervisors with amending the General Plan Public Health, Safety and Noise Element, and policy objectives in other General Plan elements (such as Transportation and Parks and Recreation) as part of the next 5-year General Plan Review (2016-2020). The amendments would lay a foundation to build a renewed emphasis on collaborative and comprehensive approach to planning for community health.
3.1.2 Maintain County policies which require pedestrian and bicycling accommodations and complete streets in all road maintenance; & developments and new road construction to incorporate pedestrian and bicycle accommodations.	1/18	Ongoing	Active Living Leadership Team  Long Range Planning  DOT	DOT	Assessment (annually)	<b>NOT STARTED</b>

# Community Health Improvement Plan 2016-2020

## Focus Area Action Plan-Active Living
